**DAB**

**MODE SET**

The diagram illustrates the correct and incorrect ways to use a DAB pump. On the left, the correct sequence is shown: pressing the MODE button, then the SET button, and finally the Home button (a circle with a plus sign). This is followed by a cycle of pressing the START button and then the STOP button. Below this sequence is a DAB pump control panel with a red thermometer and a warning triangle, indicating a problem. On the right, the incorrect sequence is shown: pressing the START button followed by the STOP button. Below this sequence is a DAB pump control panel with a blue thermometer, indicating correct operation.
